

Breeding Rights Addendum

This Breeding Rights Addendum supplements the Puppy Sales Agreement between Hartway LLC dba My Little Dachshund Heaven ("Breeder") and the Buyer for the Puppy identified on the first page. It grants conditional breeding rights subject to the following terms.

The Puppy may not be bred until it has reached the minimum age specified by the Breeder: females not before eighteen (18) months of age and at least two full heat cycles, and males not before twelve (12) months of age and full physical maturity. Before any breeding occurs, the Buyer agrees to complete all required health testing, including but not limited to OFA patella, OFA cardiac, OFA eye (CAER) exam, PRA testing unless clear by parentage, and a full genetic panel such as Embark or Wisdom. If the Puppy fails any required health test, breeding rights may be revoked and the Puppy must be spayed or neutered at the Buyer's expense with no refund of purchase price.

The Buyer agrees to follow ethical breeding practices, selecting only healthy and temperamentally sound mates, avoiding inbreeding unless approved by the Breeder, and never participating in mass production, puppy mills, or unethical sales. Puppies produced from this dog must be vaccinated, dewormed, socialized, and not released before eight (8) weeks of age and must be sold only with written contracts. All pet-only puppies are to be placed on limited registration or with strict spay/neuter agreements. All litters must be registered with the same registry used by the Breeder. The Breeder's kennel prefix is not required but may be used by agreement.

The Breeder retains one (1) pick of the litter from one future litter produced by this Puppy. The Breeder may select any Puppy within ten (10) days of birth. If no suitable Puppy is present in that litter, this right may be deferred to one future litter. The Breeder owes no additional payment for this retained pick.

The Breeder may revoke breeding rights if the Buyer fails to complete required health testing, breeds the Puppy prematurely or without approval, keeps the Puppy in unsafe or neglectful conditions, or violates the Sales Agreement or this Addendum. In such cases, the Buyer must spay or neuter the dog within sixty (60) days at their expense and no refund will be issued.

The Buyer may not sell or transfer the Puppy with breeding rights, or place it in any breeding program, without written approval from the Breeder. The Breeder must be notified of any rehoming and given first right of return. The Breeder makes no guarantee of reproductive performance, fertility, conception, litter size, or show or performance potential.

This Addendum is binding and is incorporated into the original Puppy Sales Agreement. All other terms of the Sales Agreement remain in full force and effect. By signing on the first page, both parties agree to the terms of this Breeding Rights Addendum.
