

My Little Dachshund Heaven

Notification List Policy

Last Updated: November 2025

1. Purpose of the Notification List

The Notification List provides updates regarding litter announcements, scheduling, puppy availability, holistic wellness guidance, and group-specific communication.

2. Dedicated Texting Number

The text-only number **209-207-6153** is used for Notification List communication, status updates, scheduling, and wellness tips. This number cannot receive calls. For calls, use 570-449-8196.

3. Add This Number to Your Contacts

Save the texting number in your phone as “My Little Dachshund Heaven – Notifications.” This prevents messages from being filtered into spam or unknown sender folders. Missing messages may result in missed selection appointments or placement opportunities.

4. Active vs. Inactive Status

Active families receive puppy announcements, updates regarding their position for meet-and-greet and selection appointments, and notifications that may include notice that they will not be scheduled at this time. Prompt responses are required. Selection appointments are scheduled first come, first served based on response time, then in order of replies, until all puppies are placed.

Inactive families receive general updates and wellness tips but will not receive time-sensitive placement or selection messages.

5. Opting Out of Text Messages

Unsubscribing means you will no longer receive puppy announcements, selection scheduling, or placement opportunities. Staying subscribed is required for active placement eligibility.

6. Contact Information Accuracy

Families are responsible for keeping contact information current. If an expected message was missed, contact 570-449-8196 to confirm your information.

7. Communication Groups

Families may select Active, Inactive, New Puppy Families, Former Puppy Families, PawTree Customers, or Holistic Wellness Tips. Preferences may be updated at any time.

8. Breeder Discretion

We reserve the right to adjust communication groups, scheduling, and list placement. Non-responsiveness or misuse of communication tools may result in removal from the Notification List.

9. Acknowledgement

Joining the Notification List signifies your agreement to timely communication, saving the texting number, and understanding the scheduling and placement procedures.
